Professional Summary

MCA student at Integral University, Lucknow with a strong foundation in Full-Stack MERN Development, IoT Systems, and AI-powered applications. Experienced in developing responsive web applications, REST APIs, authentication systems, and hardware-integrated solutions using React.js, Node.js, MongoDB, Python, OpenCV, and Arduino. Passionate about software development, problem-solving, and building technology-driven solutions for real-world challenges.

Education

Master of Computer Applications (MCA) – Integral University, Lucknow (NAAC A+) CGPA: 8.5	2024 – 2026
Bachelor of Computer Applications (BCA) – Integral University, Lucknow (NAAC A+) CGPA: 8.5	2021 – 2024

Technical Skills

Programming Languages: Java, Python, JavaScript, C/C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, SQLite

Tools & Technologies: Git, GitHub, VS Code, Postman, Vercel, Arduino IDE, OpenCV

Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP

Projects

Dual-Factor Biometric Attendance Management System using Facial Recognition and Fingerprint

- Developed the 'SmartEntry 2FA' device, a dual-biometric attendance system combining facial recognition and fingerprint authentication.
- Integrated a laptop interface for OpenCV-based face recognition alongside an R307 fingerprint sensor and Arduino.
- Implemented SMS notifications via SIM800A GSM module and automated email alerts using the SMTP protocol.
- Designed reliable data storage using SQLite database.

Tech Stack: Python, OpenCV, Arduino, SQLite, SIM800A

MERN Task Manager

- Built a full-stack task management platform using the MERN stack.
- Implemented JWT authentication and role-based access control.
- Developed task tracking, priority management, and deadline reminder features.
- Designed responsive user interfaces and RESTful APIs.

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT

Portfolio Website

- Designed and deployed a personal portfolio website showcasing projects, technical skills, and achievements.
- Built responsive UI using React.js and Tailwind CSS with modern design principles.
- Integrated contact functionality and optimized performance for fast loading.
- Successfully deployed using Vercel.

Tech Stack: React.js, Tailwind CSS, JavaScript, Vercel

Certifications

- Sigma 9.0 (DSA with Java) – Apna College
- Sigma 9.0 Full Stack Web Development (MERN Stack) – Apna College

Achievements

- Maintained CGPA 8.5 in both BCA and MCA.
- Developed multiple Full-Stack MERN and IoT-based projects.
- Built AI-integrated solutions using OpenCV, biometric authentication, and GSM communication.
- Strong foundation in Data Structures, DBMS, Operating Systems, and Computer Networks.
